WHAT OTHERS SAY ABOUT US

"The whole Team at CRC Alabama have been an instrumental part of our strategic plan in several key areas of our business – namely our healthcare professional and cyber practices. They are highly technical and understand the nuances of coverage, which is very important to our agency, and of course, our clients. The team is responsive and understands the urgency with which we work. They are transparent and extremely ethical. We have a great deal of trust in this team that has been built up over many years of working together. We are grateful for our partnership."

Managing Director, Agency President

*"We continue our partnership because of the execution on a day-to-day basis and the relationships that we have developed. We feel heard, supported, and valued as a client. Most importantly, **we can take care of our valued customers in a more meaningful way with the help of CRC.**"*

M&A/Private Equity Agency Practice Leader

"Working with the CRC team has been a significant game changer, not only due to the types of coverage options we are routinely updated on but their keen cyber market expertise. They have been very professional and a key support for our P&C team."

Agency Strategic Risk Management Director

*"Working with the Birmingham team for over 15 years has truly been a highlight of my 20-year career in the business. This team embodies the true sense of the word partnership: a relationship built on trust, respect, transparency, and tenacity to help me advocate and achieve optimal outcomes in the market for my clients. As **true industry experts** in the professional liability & cyber space, the collective team has helped me grow as a broker, win complex new business, and forge deeper relationships with my clients. There's a reason I've enjoyed a working relationship of 15 years with this team, and I could not be more excited to see what the next 20 years bring."*

Senior Vice President, Agency Producer

*"This CRC Professional team in Birmingham has been one of my favorite brokerages to work with. **The team is incredibly responsive and knowledgeable**— especially when it comes to their Insureds. This makes it easy to offer the appropriate coverage quickly and efficiently. They work hard to ensure the right risks come to each carrier, and they work with us to make sure the policy is tailored to the insured's needs. It's been a pleasure working with them over the years, and I'm looking forward to their continued partnership."*
